INTRODUCTION

University of Swabi was established in 2012. Presently, the university consists of two campuses i.e. old campus (114 Kanals) and new campus (1400 kanals) located at a distance of only 2.5 km from Motorway Swabi interchange. The university enjoys an easy access to all parts of Khyber Pakhtunkhwa and Federal territory. As a nascent university, UOS has a long way to go before it establishes itself as one of the leading seats of Higher Education in the country. With dedication and selfless devotion to education, it has shown remarkable growth in a very short period of time. The university has gained the confidence of Academia and Administration for its strict adherence to the quality control and the state of art facilities that it provides to its faculty and students.

We have already taken initial steps towards building capacity for academic enhancement by starting many new departments that will grow in the near future Insha'Allah. Today, the university is a home to more than 4000 students in different disciplines, offering both under and postgraduate degree programs. The university is proud to have 200 faculty members including 98 PhDs and 102 MS / MPhil degree holders. There are 14 well equipped science and computer laboratories and a central library for academic and research activities.

VISION:

The University of Swabi aspires to be among the leading universities in the newly established universities of Pakistan, renowned and recognized around the world for offering extensive academic and professional programs of the ultimate quality, for its idiosyncratic style of learning that engages and organizes students for leadership roles in the society, and for being a major national and international center of learning and research in the quest to improve human life.

MISSION:

The University of Swabi aims to improve its students with an education and learning experience of the premier quality; offering a comprehensive platform of academic and professional programs; encouraging the personal, social, academic, and career growth of all students; adding to humanoid knowledge; contributing to the cultural, social and economic progress of society through ground breaking research, acquisition and application of knowledge; and contributing to the encroachment of learning and to the growth of human resources in Swabi, KP and across the country.

GOALS AND OBJECTIVES

- Providing its students with an education and learning experience of the highest quality in several disciplines and fields, including the humanities, social sciences, basic sciences, agriculture, and health sciences.
- Promoting the personal, social, academic and career growth of all students in a practical manner to prepare and succeed them to be leaders in their chosen careers and professions.
- Adding to human knowledge through discovery and scientific research in full assistance and teamwork with leading academic and research institutions across the country and around the globe.
- Contributing to the national, social and economic progress of society through social awareness and effective commitment and collaborations with public and private organizations and institutions.
- Enhancing the quality and reputation of higher education in the country through cooperation with other institutions of higher learning, to promote quality standards and the adoption of best practices in learning and teaching.
- Contributing to the improvement of learning and to the development of human resources in Khyber Pakhtunkhwa and the country through connecting academic and professional programs to the future needs of the job market and by providing continuous educational and training programs to update and upgrade the knowledge, professional qualifications, and skills of people in the workforce.

CITY OF SWABI

District Swabi is located in the Khyber Pakhtunkhwa Province of Pakistan. It was created on 1st July, 1988. Prior to that, it has been a Tehsil of Mardan District, since its creation in 1937. Before 1937; it remained a Tehsil under Peshawar. District Swabi is surrounded by beautiful mountains on its northern side, and mighty River Indus (Abaseen), with its cold running waters and irrigating fertile land, on the southern side. Swabi is blessed with fertile agricultural land, therefore, most of the people are associated with agriculture. Swabi is the fourth most populous district of Khyber Pakhtunkhwa with Yousafzai clan of Pukhtoons as the predominant population.

The History and culture of Swabi are very rich. Once part of the Gandhara civilization, Swabi contains many important archaeological sites, which are tourist attractions. Alexander the Great crossed the Indus River where the village of Hund now lies on its right bank. Hund is an archaeological treasure; it was the capital of the Hindu Shahi for nearly three hundred years. Rani Ghat is another Gandhara archaeological site, containing the ruins of a famous palace belonging to the queen of that era. The ruins on the top of a mountain still attract visitors.

District Swabi abounds in natural resources. Marble, Sandstone, Gravel are available in large quantity. Limestone, sandstone, and phyllite/ slates are common economic rocks of the area. The limestone is used for crushers and road construction whereas the sandstone and slates are used for houses.

District Swabi is spread over 1543 sq kms. Administratively, it is divided into four tehsils i.e. Swabi, Topi, Razzar and Lahor, having 56 union councils. The overall population of District Swabi is 1,826,804 persons, with annual growth rate of 2.96%, having density of 702 persons per/ km².

Literacy Rate in Swabi is 70 per cent (one of the highest ratios in all districts of Pakistan). Apart from public and private sector school and colleges in Swabi, there are various renowned educational institutes like Ghulam Ishaq Khan Institute of Engineering Sciences and Technology, located in the village of Topi, and the University of Swabi, located in village Anbar. Karnal Sher Khan Cadet College Swabi is located in the village of Ismaila while Women University Swabi at Gulo Deri is fulfilling the educational needs of the district.

VICE CHANCELLOR'S MESSAGE

Welcome to the University of Swabi! We are one of Pakistan's newly established universities with a good growing reputation for quality education. Our inherited facilities and strong students focus give us reasons to hope that we will be a sought-after university of the region soon. We mean to be an organic entity which can adjust and readjust itself according to the changes and challenges facing it.

Housed in Swabi, the University of Swabi is right on the bank of the Peshawar-Islamabad Motorway. We are very easily accessible, and that for us is a motto too. We want to be easily accessible in every sense of the word. Our university provides a congenial learning environment and reasonable hostel facilities to students and faculty.

Knowing that we are a young university, some of our facilities may not be state-of-the-art but we mean to get there soon. Our today is better than our yesterday, and our tomorrow will be better than our today. Our focus is on strengthening our laboratories, and attracting good quality teachers and researchers. Our faculty is a blend of budding and established researchers and academics; we are proud of them. We believe that they can do better, and have a hope that they will continue to support our budding teachers and researchers in their productive endeavors.

We welcome you once again to University of Swabi. Help us change things for better!

Nasir Jamal Khattak
PhD (Amherst)
Vice Chancellor University of Swabi

FACULTY OF SCIENCES

Modern society is faced with challenges of environmental degradation, food security, inequitable distribution intolerance and extremism etc. In developing countries like Pakistan, the problems are further compounded by illiteracy, population explosion, lack of health and educational facilities, slow economic growth, food insecurity, malnutrition, militancy and extremism etc.

Prof. Dr. Mukhtar Alam
(Dean Faculty of Sciences)

Located in a rural setting in the Khyber Pakhtunkhwa province, the University of Swabi (UoS) is uniquely placed to serve a large population of the adjoining areas of KP, ICT and Punjab. Since its establishment in 2012, the university has been continuously striving to develop its physical and human infrastructure. Recent shifting to a modern, state-of-the art and purpose-built building has been a major step in that direction. The impressive new building is visible from the Islamabad-Peshawar Motorway (M-1) near Anbar interchange.

Swabi university offers around 25 S &T, degree programs in 13 departments. These departments are staffed by well qualified faculty, most of who have PhDs from advanced countries of the world.

The university plans to strengthen its faculty even further through recruitment of highly qualified and motivated individuals who can inculcate the thirst for knowledge and passion for research in their students. Similarly, the strengthening of laboratories and other physical facilities for science departments has been declared a priority and the aim is being perused incessantly.

We at UoS believe that the aims and objectives of education are best served when teaching-learning is accepted and pursued as a collective and collaborative effort. We pride ourselves for having an open mind for fostering mutually beneficial relationship with any stakeholder, whether local or international. In the same vein, we regularly host collaborative events where leading academics and practitioners share their work with their counterparts and students in the UoS. The process of education at UoS extends to character building through various co-curricular activities of debates, exhibitions, academic competitions, sports and games.

We are confident that our students will emerge as leaders in the effort to transform the scientific, social, cultural and economic landscape of Pakistan. Our graduates are already placed in leading organizations such as multinational corporations, national/international corporate sector, government institutions, academia, and various well-reputed conglomerates.

The University is committed to its motto of "Quest for Excellence" and will leave no stone un-turned in its quest to become one of the leading universities of Pakistan. Being a newly established institution, UoS also had to face its "teething problems". However, the university is past that stage now and is well-poised to take-off as a leading University. We invite the aspiring scholars to join us at the UoS and share our journey for acquisition, dissemination, and creation of knowledge. Our doors are open to one and all. We shall strive to make your entry and journey comfortable, fruitful and enjoyable with the aim of making everyone a winner.

FACULTY OF ARTS & SOCIAL SCIENCES

Welcome to the Faculty of Arts & Social Sciences at the University of Swabi. It is our great pleasure to encourage you to get to know us better

In the Faculty of Arts & Social Sciences, we strive to engage, inspire and discover. Our mission is to reflect on the world and our place in it through critical inquiry, creative practices and collaborative exploration.

The Faculty of Arts & Social Sciences is a vast and multi disciplinary academic community. It is relevant and of great value to society. We have a committed group of researchers and academicians across different departments including, Economics, English, Islamic & Arabic Studies, Journalism & Mass Communication, Law, Management Sciences, Political Science & PCS, Psychology, Sociology, Tourism & Hotel Management and Urdu where we seek to create an environment for our students, faculty and staff to motivate them for critical thinking, engage as global citizens, and collaborate as leaders, bold innovators and creative practitioners.

We are extremely confident in the excellence of our various programs in different Departments, and we take great pride in the accomplishments of our students, faculty, staff and alumni.

Prof. Dr. Mian Sayed Khan
(Dean Faculty of Arts and Social Sciences)

DEPARTMENT OF AGRICULTURE

INTRODUCTION:

Agriculture continues to be the single largest sector, a dominant driving force for growth and the main source of livelihood for 70 percent of the country's population. It accounts for 21.8 percent of the GDP and employs 44.7 percent of the total work force. As such agriculture enjoys being the center of the national economic policies and has been designated by the government as the engine of the national economic growth as well as effective tool of poverty reduction. Agriculture contributes to the economic growth as a base of raw material to the industry, ultimately the industrial products. Thus, any improvement in agriculture will not only boost country's economic growth to rise at a faster rate but will also nourish and fulfill the nutritive requirements of a large segment of the country's population. Department of Agriculture was established with an initial enrollment of 80 students at newly established Anbar Campus of Abdul Wali Khan University Mardan in 2010, which was later upgraded as University of Swabi on December 2012. At present, more than 350 students are being enrolled annually. The plan is based on the noble concept that education, research and employment must be strongly and permanently linked with each other. Department of Agriculture comprises Horticulture, Plant Breeding and Genetics, Entomology, Agronomy, Food Science & Technology, Soil Sciences, Plant Pathology and Agricultural & Applied Economics. Three of the disciplines have been accredited in 'X' category by the accreditation council whereas, the rest are in progress to achieve the high rating. Currently, 4-years BSc (Honors) Agriculture, MSc (Honors) and PhD are being offered in selected disciplines. Moreover, short courses in plant protection, bee keeping, household pest management, landscape, tunnel farming, citrus production are planned to commence in near future. Till date, more than 200 graduates of the department have successfully availed foreign scholarships for graduate studies and grabbed the jobs in the market.

Dr. Hidayat Ullah
(Head of the Department)

VISION:

“To see a self-sufficient, technologically advanced, economically prosperous, intellectually mature and morally impeccable society in Pakistan through transformation of agricultural enterprise for the benefit of the people of Swabi in particular and the rest of the world in general”

MISSION:

“The Department of Agriculture extends quality higher education & training to the public for enhancing their knowledge, nurturing their intellects and grooming their talents for leading and managing the transformation of society in general, and the agriculture, in particular. The department motivates, facilitates and encourages teachers and students of Agriculture to gain, create, utilize and disseminate knowledge within the bounds of moral norms”.

PROGRAMS OFFERED: Bachelor of Science (BSc Honors), Master of Science (Msc Honors) and Doctor of Philosophy (PhD) in Agriculture.

ELIGIBILITY CRITERIA:

Bsc (Honors) Agriculture in various disciplines: F.Sc (Pre-Medical/ Pre-Engineering) or equivalent with at least 2nd division (45% marks) or Associate Degree in Agriculture with a CGPA of 2.00 out of 4.00 for admission to 5th semester of B.Sc (Honors) Agriculture.

MSc (Honors) Agriculture in various disciplines: Relevant master's degree/ equivalent degree or 4-years educational degree awarded after intermediate (with minimum credit hours of 124) or with a minimum CGPA of 2.50/4.00 in semester system or 2nd division in annual system in specialized discipline and;

Qualifying Departmental Screening Test with at least 60% marks.

PhD in various disciplines:

Relevant MS/ MPhil/ M.Sc (Honors)/ equivalent degree or degree awarded after 18-years education with a CGPA of 3.00/4.00 in semester system or 1st division in annual system in specialized discipline and;

Qualifying Departmental Screening Test with at least 70% marks.

DEPARTMENTAL ACTIVITIES:

DEPARTMENTALACTIVITIES:

DEPARTMENT OF BIOTECHNOLOGY

INTRODUCTION:

The Department of Biotechnology was started in 2017 with a vision to produce quality minds capable of strengthening and broadening the base of Biotechnology in Pakistan. Currently the department is offering only BS program in Biotechnology. Biotechnology uses scientific and engineering principles to bio-organisms for the improvement of the quality of human life. Biotechnology has a wide range of applications and is termed as “technology of hope” which impacts human health, well-being, other forms of life and our environment. DNA recombinant technology has a profound impact on health, contributing to the diagnostics and cure of hereditary defects and serious diseases and the development of new biopharmaceutical drugs and vaccines for human and animal use. It also deals with the modification of microorganisms, plants and animals for improved and tailored food production and increased opportunities for environmental remediation and protection. The technological advancements have focused on the development of alternate, renewable, and sustainable energy sources for the production of biofuels. Biotechnology being an interdisciplinary branch of science is popular among youngsters as it is providing ample opportunities for those who want to explore the new and modern frontiers of science.

Dr. Hazrat Hussain
(Head of Department)

VISION:

To be a world-class center in Teaching, Education, Research and Entrepreneurship in Biotechnology with a potential to innovate, invent and disseminate knowledge of Biotechnology for the benefit of humanity.

MISSION:

The Department of Biotechnology is committed to produce well-rounded international standard graduates through quality and relevant teaching, research development, consultancy and community services as well as promoting entrepreneurship in Biotechnology and maintain leadership in the pursuit and dissemination of knowledge for the welfare of humanity.

DEPARTMENTALACTIVITIES:

DEPARTMENT OF BOTANY

INTRODUCTION:

The department of Botany was established in September 2017 to fulfill the educational needs of the Khyber Pakhtunkhwa in particular and Pakistan in general. It is a teaching and research department that enrolls students in BS and M.Sc programs. The Department has developed up-to-date curriculum with strong applied side so that it produces specialized man power that would be beneficial to the economy of Pakistan. Research work is mandatory for every student which often includes study trips, field study and lab work in order to foster the awareness level of our students. The Department is striving to achieve excellence in Botanical sciences due to its importance in the economic uplift of the country.

Dr. Amjad ur Rahman
(Head of the Department)

VISION:

To improve the quality of education and status of learning, teaching and research in the field of Botany nationally and as well as internationally.

MISSION:

The Department is committed to train students and scientists for the uplift of the community through teaching, research, and participation.

Field demonstrations and data collection of various plants species in the field

Department of Botany study trips to PMNH and Quaid-i-Azam University, Islamabad

Celebrating cricket victory and presenting souvenir to VC in the Annual Sports Gala

DEPARTMENT OF CHEMISTRY

INTRODUCTION:

The Department of Chemistry was established in October 2016 and is currently housed in main campus. The department is a seat of learning of Chemistry committed to empower its students with quality chemical education, research skills and management qualities through providing state-of-the-art laboratories and equipments. The department aims to produce professionally competent individuals well versed with quality chemical education, research skills and management qualities to respond the socio-economic challenges of the society making it easy for life to breathe.

**Prof. Dr.
Muhammad Nasimullah Qureshi
(Head of the Department)**

VISION:

To be a seat of learning chemistry committed to empower its students with quality chemical education and research skills through providing state of the art faculty, laboratories and curriculum.

MISSION:

The Department aims to produce professionally competent individuals well versed with quality chemical education, research skills and management qualities to respond to the socio-economic challenges of the society making it easy for life to breathe.

Sports Gala

DEPARTMENT OF COMPUTER SCIENCE

INTRODUCTION:

The aim of Computer Science department is to produce computer professionals who can create new technologies and ideas, and devise new ways to use computers. The degree in Computer Sciences can open doors into the professional worlds of many other disciplines.

Computer Science program serves those students who wish to proceed as entrepreneurs or generalists in computing or who aspire for graduate studies, research positions, or cross-disciplinary innovation. This program develops skills in students for applying the concepts, principles, and practices in Computer Science for analyzing and solving real-world problems to support industry as well as research and development organizations.

The students are provided effective personal development and team-work skills for continuing professional growth and life-long learning and awareness of their social, professional and ethical responsibilities in the national and international environments.

Dr. Shah Nazir
(Head of the Department)

FACULTY DETAILS:

Name	Designation	Qualification	Status	Discipline	E-mail Address
Dr. Shah Nazir	Assistant Professor	PhD., Postdoc	TTS	Software Engineering	shahnazir@uoswabi.edu.pk
Mr. Ameer Shakayb Arsalan	Lecturer	MS	Regular	Networking	shakayb@uoswabi.edu.pk
Mr. Anwar Hussain	Lecturer	MPhil	Regular	HCI, Networking	anwar@uoswabi.edu.pk
Mr. Yaser Salim	Lecturer	MS	Regular	Networking	yaser@uoswabi.edu.pk
Mr. Muhammad Imtiaz	Research Associate	MS	Regular	Networking	muhammadimtiaz@uoswabi.edu.pk

PROGRAMS OFFERED: Bachelor of Studies (BS), Master of Studies (MS) in Computer Science.

ELIGIBILITY CRITERIA:

BS in Computer Science

- FSc Pre-Engineering
- FSc Pre-Medical

- ICS- Intermediate in Computer Science
- FSc General Science (With Computer and Mathematics)
- Diploma (03 years) in Associate Engineering with subject of Mathematics and equivalence from IBCC
- Admission in 1st semester will be granted in BS program. However, students shall have the option to exit after completion of 4th semesters with an associate degree.

MS in Computer Science

- A degree earned after sixteen years of education in computing or a related Discipline, with a minimum CGPA 2.5 (out of 4.0 in semester system) or 2nd division in annual system
- Candidate must fulfill GAT/NTS requirements or qualify screening test conducted by the University By securing the required score as per the University guidelines.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF ECONOMICS

INTRODUCTION:

Economics today is the dire need of developing economies like Pakistan. Pakistan is facing various problems such as poor industrial base, instable political scenario; budget deficit, controversial economic policies, drastic debt burden, investment deficiencies and less-persistent economic growth. To overcome the impact of these issues on the economy, the in-depth understanding of economics is inevitable.

Mr. Sami Ullah Khan
(Head of the Department)

In this regard, the department of Economics is trying to fill the gap with proper tools and suitable learning in the concerned field in order to build the well qualified and well professional economists who might be the policy makers as well as the economic analysts in the near future the ties of whom will set the direction of the country towards a right path.

PROGRAM OFFERED: Bachelor of Studies (BS) in Economics

ELIGIBILITY CRITERIA:

Intermediate with at least 45% Marks from a recognized institution or A-Levels (22 Points) with Equivalency Certificate from Inter Board Committee of Chairman (IBCC) Islamabad or an equivalent certificate from a recognized institution are eligible to apply.

Candidates are required to pass entry test/interview (if any) conducted by the University/College.

DEPARTMENT OF ENGLISH

INTRODUCTION:

The Department of English is a vibrant hub of academic, intellectual and cultural activities. Apart from running its three full-time programs: BS and MPhil, the department provides support to all other departments of the University by offering interdisciplinary courses in English Literature and Language. The Department of English promotes a vibrant research culture with a commitment to embrace progressive research and rethink the existing thought patterns. The department strives for quality education in both Linguistics and Literature. It intends to deliver knowledge, which is both basic and applied in nature. The primary focus of the department is to achieve excellence in research that is of practical importance.

The faculty and students are actively engaged in research activities and have written many research papers which have found their way into scholarly journals of national and international repute. The academic activities of the department

include lectures, discussions, assignments, presentations, projects, seminars, and research. Students are free to pursue their education and extra-curricular activities in a culturally diversified educational environment.

Ms. Saina Shah
(Head of the Department)

VISION:

Our vision is to bring peace and prosperity in society by fostering a pluralist world view.

MISSION:

The department of English, by its commitment to excellence in teaching and research, equipped with the most modern and innovative approaches to teaching, strives to enable its students to comprehend, appreciate, and evaluate both Literature and Linguistics.

ELIGIBILITY CRITERIA:

For BS:

F.A/F.Sc or equivalent with at least 2nd division.

For MPhil:

1. Relevant Master's degree/ Equivalent degree or 4-years education after intermediate (130 Credit hours), with a minimum CGPA 2.5 in Semester System or 2nd Division in Annual System.
2. Candidate must pass Screening Test conducted by the Department by securing at least 60% marks

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF ENVIRONMENTAL SCIENCES

INTRODUCTION:

Environment is facing various problems such as climate change, water crisis, land degradation, pollution, waste generation, global warming, greenhouse effect, ozone layer depletion, deforestation and species extinction. Keeping in view the scope and importance of the environment at national and international levels, the University of Swabi established the Department of Environmental Sciences in 2017. The department ensures the awareness and mass understanding of fundamental processes contributing to environmental concerns. The department has launched BS program which includes multidisciplinary subjects to ensure sustainable development of resources in the country. Fieldwork is an important part of the Environmental Sciences degrees. It often includes tours to study the environment, providing the opportunity to experience different habitats, climates, land formations and societies. The department provides students with quality education that focuses on environmental issues and research that would attract the best minds in the country to train, educate and equip them to mitigate these problems.

Dr. Nazish Huma Khan
(Head of the Department)

VISION:

The Department looks up to promote integrity, research, work on values, sustainable thinking, combat pollution, produce sense of responsibility and enhance the ability of students not only to face the emerging challenges but also serve the community in a better way.

MISSION:

Our mission is to enlighten the youngsters with educational power to enable them to lead the society with scientific knowledge and technical skills. The department aims to make significant research contribution on the most pressing issues at the local and national level in Pakistan. It also focuses on sustainable uses of “Natural Resources” of the area through human resource development.

FACULTY & STAFF DETAILS:

PROGRAM OFFERED: Bachelor of Studies (BS) in Environmental Sciences

ELIGIBILITY CRITERIA:

Eligibility criteria for admission in BS Environmental Sciences program is given as

1. F.Sc or Equivalent
 2. Intermediate (Statistics, Economics, Mathematics, Commerce and Computer Science)
- Diploma holder candidates (MLT, ADE etc.) must provide an equivalent certificate from IBCC.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF GEOLOGY

INTRODUCTION:

The newly established Department of Geology, University of Swabi is still in its early period and is striving hard to emerge as one of the best Geology Department in the country. The Department of Geology is striving to emphasize the importance of geology in the economic development of the country and realize that many strong economies of the world thrive on the mineral and hydrocarbon wealth e.g. Australia, Brazil, South Africa and Middle Eastern countries. There is a strong need that the department is geared towards a curriculum that would have strong applied side so that it produce specialized geologists that would readily be absorbed by the industry and would be beneficial to the economy of Pakistan. The Department is struggling hard to produce industry oriented technical and skilled graduates who will ultimately utilize their capabilities to the optimum level and work for the socio-economic development of the state. Highly qualified faculty members are available to produce geologists and to make the department a hub of industry oriented and applied geologist. Such approach leads to explore and utilize the natural resources in the best possible and environmental friendly way. Currently the department is well equipped with sophisticated equipment which include Geochemistry Lab, Petrographic Lab, Printing and Scanning Lab and GIS/RS Lab.

Dr. Laeiq Ahmad
(Head of the Department)

PROGRAM OFFERED: Bachelor of Studies (BS), Master of Studies (MS) in Geology

ELIGIBILITY CRITERIA:

BS program: The department accepts students in its BS-Geology program after their Intermediate education (F.Sc. pre-engineering or pre-medical) or equivalent of 12-years of education.

MS program: BS (4-Years) or equivalent education in Geology/Earth Sciences/Relevant Subjects with minimum 55% marks/ or 2.5 CGPA is recommended for admission in 2-year MS/M.Phil in Geology.

Note: Candidates must have passed GAT (General) conducted by NTS or subject test conducted by University of Swabi with at least 60% marks.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF ISLAMIC AND ARABIC STUDIES

INTRODUCTION:

The department of Islamic and Arabic Studies was established in 2019. Soon after its inception, students enrolled in BS, MA and MPhil programs which signifies its academic value. The department strives to streamline instructions and research in Quran, Sunnah, Fiqh and Arabic language and literature.

Highly qualified faculty of the department is one of its strengths ensuring a sound classroom environment, characterized by ethical values. The department has the honor to serve the entire university in teaching compulsory subjects of Islamic Studies, Islamic history and Arabic language in BS programs.

Dr. Syed Syar Ali Shah
(Head of the Department)

VISION:

The department of Islamic and Arabic Studies University of Swabi strongly believes in diversity and pluralism. The golden principles of equality, no discrimination on the basis of sex, colour, religion and ethnicity shall always lead the department towards its destination. The teaching of the holy Quran, Sunnah and Fiqh shall be implemented with their soul and spirit. The department shall dissipate the tradition of research with integrity and tolerance.

MISSION:

A wide range of knowledge, considerable insight and care in interpretation all are vital for studying Islam. The department offers BS program that would obviously provide the students with an opportunity to gain comprehensive and in-depth knowledge of Islam in both historical and modern contexts. The dedicated faculty of the department focuses on achieving excellence in Islamic education and research and contributing to the intellectual, cultural and social development of the society.

PROGRAM OFFERED: Bachelor of Business Administration (BBA Hons), Master of Business Administration (MBA 2-Years), Master of Studies (MS), Doctor of Philosophy (PhD) in Management Science

ELIGIBILITY CRITERIA:

BBA (Hons)

FA/FSc. or equivalent with at least 2nd division (45% marks).

MBA (2-Years) (Candidates having Business Background)

Entry/ Admission Requirements

- a) BBA (HONS)/M.Com/BS in Business Administration related subjects or Equivalent 16 years of business education with minimum of 2.5 (out of 4.0 CGPA) in semester system and 45% marks in annual system.

- b) Candidates must pass screening test conducted by the department by securing at least 60% marks or 50% marks in GAT (General).

MBA (2-Years) (Candidates having Non-Business Background)

- a) BSCS (4 years), MBBS, MA, MSc, or equivalent qualification with CGPA 2.50 out of 4.00 under semester system or 60% marks under annual system or as per HEC criteria.

MS (Management Sciences)

- a) BBA (HONS)/M.Com/BS in Business Administration related subjects or Equivalent 16 years of business education with minimum of 2.5(out of 4.0 CGPA)in semester system and 45% marks in annual system or as per HEC criteria.
- b) Candidates must pass screening test conducted by the department by securing at least 60% marks or 50% marks in GAT (General) or as per HEC criteria.

Doctor of Philosophy (PhD)

Entry/ admission requirements

- a) Candidates having relevant MS/M.Phil./Equivalent degree or 18 years of education with a CGPA of 3.0 out of 4.0 in the semester system or 1st division in annual system can apply or as per HEC criteria.
- b) Candidates must pass GAT (Subject) by securing 60% marks or screening test conducted by the department by securing at least 70% marks or as per HEC criteria.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF MICROBIOLOGY

INTRODUCTION:

The department envisions educating students by offering excellence at graduate and postgraduate levels, enabling them to achieve fulfilling careers.

The department sees its potential clientele as students who will be:

Interested in careers in the field of science, laboratories and research,

Equipped with critical thinking ability in the field of Microbiology.

The department is an International Research platform for environmental, cellular and molecular microbiology. The department will strive to achieve and maintain an international leadership position in microbiology.

Dr. Johar Jamil
(Head of the Department)

VISION:

The department is dedicated to the university's vision of achieving national distinction while strengthening local relevance. This vision is enunciated and dedicated to the following three goals.

- Execute high quality programs. We will maximize the students' abilities to pursue their goals, by being responsible and globally aware life-long learners. To include under-served groups, we will recruit and foster retention of a diverse student population.
- Foster nationally competitive basic and applied research, which provides a training ground for students, stimulates economic development and enhances the body of scientific knowledge.
- Serve the university and its stakeholders by providing expertise.

MISSION:

The mission of the Department is to provide a quality education across a broad spectrum of biosciences fields, and to carry out competitive research in scientific areas that reflect faculty interests and overall institutional concerns. Woven through the curricula of professional preparatory work that develops the written and oral communication skills of students, the programs offered at the Department promote their ability to apply the scientific method in experimental and comparative contexts. The core of this mission is to identify areas that are unique and appealing for student enrolment growth, of strategic importance to the University, and leverage microbiology's unique disciplinary position leading to new strategic directions.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF PHARMACY

INTRODUCTION:

The Department of Pharmacy, established in 2011, is one of the flagship departments of the University of Swabi. The department is following the approved curriculum and annual-based guidelines of the Pharmacy Council of Pakistan (PCP) and the Higher Education Commission (HEC), Pakistan. The Department has a very impressive teacher-student ratio (1:10) in accordance with the recommendations of the PCP. Our spacious three-storey purpose-built building occupies a total covered area of more than 40,000 sq. ft, with green lawns/gardens at its front.

The building has well-equipped laboratories, purpose-built animal house, a library, common rooms and faculty offices. In future, the department aims to become the Faculty of Pharmacy, comprising five teaching and research departments with scientifically equipped laboratories, namely Pharmaceutics, Pharmacy Practice, Pharmacology, Pharmaceutical Chemistry, and Pharmacognosy. The Pharm-D (5-year) program was recognized by the Pharmacy Council of Pakistan in 2019. Postgraduate programs (MPhil/ PhD) are also offered since 2013.

Dr. Syed M. Mukarram Shah
(Head of the Department)

Department of Pharmacy, University of Swabi

VISION:

To be one of the most prestigious Pharmacy institutes, enjoying national and international recognition for its quality education and community service.

MISSION:

We, at the Department of Pharmacy, are committed to produce professionally competent, legally qualified and socially responsible Pharmacy graduates and scholars through world-class education, training and innovation.

For the DAE students provision of F.Sc equivalence certificate from IBCC is mandatory or Associate Degree in Science (Physics) with CGPA 2.5 out of 4.00 for admission in 5th Semester.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF POLITICAL SCIENCE

INTRODUCTION :

Department of Political Science is a new department established in October, 2019. Before its establishment as a separate department it operated under the umbrella of the Department of Peace and Conflict Studies. The establishment of the department of Political Science is a commendable step of the university administration for the uplift of the Study of Social Sciences in the University. Political Science is one of the core Social Science subjects; it helps us understand the complex national as well as international political structure which has a direct or indirect effect on individual's life. In addition, it studies political culture, political relations, political ideologies and various socio-political concepts having impacts on daily life.

The department of Political Science is working hard to fulfill its responsibilities towards the students and the society at large. In this connection the department has organized various seminars and conference highlighting social and political issues.

VISION:

The department envisions producing sound minds for the betterment of the society. The department also envisions interaction with the society for understanding and providing solutions to socio-political problems.

MISSION:

As a social science subject, the department of Political Science has dual responsibility. It is responsible for producing sound individuals with good civic sense having an understanding of the socio-political realities around us and it is also responsible to the society at large for promoting awareness regarding various issues. In this connection, the department has organized various activities for the benefit of students and the awareness of the society.

The department of Political Science believes in the indispensability of the study of social sciences for the uplift of society. An educated, aware, and politically mobile citizenry is one of the essential ingredients for the integration and development of any state. We believe that the department of Political Science, University of Swabi will contribute towards the awareness of the society not only through its students but also through direct interaction and will thus contribute towards the achievement of these goals.

Dr. Alamgir Khan
(Head of the Department)

DEPARTMENT OF PSYCHOLOGY

INTRODUCTION:

Department of Psychology focuses on theoretical orientation and research training of students. The department currently offers BS degrees in psychology. Undergraduate study in psychology provides a sound basis for later professional graduate training on the MS or PhD level in psychology. The psychology major may also provide important intellectual tools for those considering careers in management, law, education, social work, public relations, and health-related professions.

Dr. Aman Ullah
(Head of the Department)

VISION:

Our vision is to develop the knowledge, understanding, appreciation, discipline, and skills that enable the students to function personally, professionally and socially as a responsible citizens.

MISSION:

The mission of the psychology department is to support the University and the larger community by providing a diverse, dynamic, and personalized learning environment and experience that inspire students achievement, foster academic excellence, instils ethics and values, promote service, and facilitate lifelong learning.

These are achieved through lectures, readings, research, laboratory experiences, writing assignments, discussions, service, and other personal and professional academic and scholarly activities.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF PEACE & CONFLICT STUDIES

INTRODUCTION:

Peace and Conflict Resolution Studies is a new discipline that was introduced to understand the reasons of conflict, methods of resolving them and realizing the dream of everlasting peace. Though the subject is new but its substance is as old as time itself. Conflict and its resolution has always been part of human history. Study of war and peace was considered the domain of Political Science, International Relations and a comparatively recent discipline: Defense and Strategic Studies. However, over the past decade, the urge for violence and resulting conflicts has reached new dimensions and forms, particularly in our country and region. This sudden increase in violence and change in the dynamics of conflicts compelled the academia to re-consider the issue. War is no more a domain of states, neither is it necessarily fought on borders. The emergence of non-state actors and proxies has brought war to the streets. There is no doubt in the fact that a phenomenon which affects millions of people, directly and indirectly, needs a separate discipline. Only a new discipline wholly dedicated to conflict and its resolution can enable us to understand, comprehend and resolve conflict.

Dr. Alamgir Khan
(Head of the Department)

VISION:

The Department of Peace and Conflict Resolution Studies is imparting basic academic and research skills in Pakistan to young graduates in the fields of peace, conflict and dispute resolution. The Department is one of the main institutes in Khyber Pakhtunkhwa to enhance the capabilities of mid-career professionals and young graduates in the realm of peace building, peacemaking and social cohesion both on the provincial and national level.

MISSION:

The Mission of the Department of Peace and Conflict Resolution Studies is to provide an opportunity to the students to understand peace as multifaceted phenomena for transforming human relations while creating peaceful world. The department will impart knowledge to understand the very nature of conflict and its various dimensions and the levels of conflict resolution students to help them. Understanding the importance of peace and mechanisms of resolution will help to minimize the chances of conflict and will pave the way for durable peace.

The department furthers aims to inculcate civic sense in the students in particular and the society in general. This will help them understand the democratic process and its various procedures. Comprehension of the democratic process will ultimately lead to tolerance and inclusive system of governance and thus to peace.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF SOCIOLOGY

INTRODUCTION:

The Department of Sociology is committed to impart high quality sociological education to student to enable them to contribute to the social development of society by utilizing sociological insight, theories, knowledge and skills. The fundamental goal of the Department is to provide conceptual resources and perspectives to equip students with professional skills and knowledge in the sphere of sociology and to address the socio-economic and crucial issues by employing special sociological expertise.

Dr. Aman Ullah
(Head of the Department)

The Department of Sociology is enriched with well-versed academic faculty. With an experienced faculty and high class facilities of library, the highly conducive environment of learning in department would enable the university to produce graduates possessing professional competence in various fields of sociology along with humanistic, moral and problem solving qualities.

Seminars and workshops are considered necessary for gaining maturity in sociological knowledge and are organized frequently. Teaching methods involves assimilation of lectures and groups discussion, and presentations using audio visual media in classroom.

Research is the basic hallmark of the Department of Sociology. Apart from strong training in sociological theory, research activities are made obligatory for Master's and BS student to make them skilled in the translation of sociological research investigations into practical research design. Students are given exposure to community engagement activities in various areas in the form of field work, as a compulsory part of their program.

It is hoped that through discussions, training and the exploration of sociological concepts and themes, students will acquire interpersonal skills and confidence to become active citizen and active participants at various societal levels.

MISSION

1. To accommodate students aspiring to pursue comprehensive and innovative degrees in Sociology.
2. To arouse students' enthusiasm for knowledge in various theoretical, methodological and practical aspects of the discipline of sociology.
3. To create awareness and understanding of the social causes and consequences of human behavior in groups, including organizations, societies, and various cultures.
4. To impart high quality sociological education to enable them to contribute in the social development by utilizing sociological insight, theories, knowledge and skills.
5. To promote quality sociological research to enable student to translate research investigations into practical research design for output generation that will enhance understanding of social phenomena.

VISION

1. To provide conceptual resources and perspectives to equip students with professional skills and knowledge in the sphere of sociology to address social problems and crucial issues by employing special sociological expertise.
2. To create awareness about how public perception can shape government policy and how social institutions in turn can influence people's lives
3. To provide strong support to the government and non-government organizations to involved in various activities of the development and improvement of the society in the Swabi region in particular and other areas of Khyber Pukhtoonkhwa in general.
4. Displaying an understanding of and appreciation for cultural diversity and different ethnic, religious, racial, economic backgrounds, and sexual identities; and to share the importance of respect for the dignity of all humankind..
5. To produce high quality and highly trained sociologists that are committed to pursuit of excellence, and are endowed with vision, and dedication to play dynamic role in the social development through a better understanding of the needs of the people.

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF TOURISM & HOTEL MANAGEMENT

INTRODUCTION:

The department of tourism & hotel management was established in 2017. The efforts are being made to provide skills-based education to cover the gap between the academia and industry, & also to overcome the unemployment situation in Pakistan. The department will train the students in liaison with stakeholders in the market as well as in the related government departments.

Tourism is one of the world's biggest industries and has a significant impact on economy & the image of country. The tourism & hospitality industry is changing at a rapid pace and consists of these main components: accommodation, transport, attractions, and travel. Studying tourism & hotel management at University of Swabi will build the knowledge and experience needed to succeed in this exciting and rapidly growing industry.

Dr. Abrar Ullah
(Head of the Department)

VISION:

To become a model of excellence in community-focused tourism/hospitality and provide a platform that develops future leaders in the field of tourism and hospitality management.

MISSION:

The department of tourism and hospitality is keen on imparting quality education and providing premier educational environment to its students through modernized curriculum, industry-based learning, dynamic environment and community-focused approach in tourism and hospitality industry, which is one of the highest and the fastest growing industry in the world

DEPARTMENTAL ACTIVITIES:

DEPARTMENT OF URDU

INTRODUCTION:

Department of Urdu was established in 2018. Since its inauguration, the Department has played an important role in establishing relevant specializations such as inter-disciplinary courses like Arabic and Persian etc.

The current scheme of studies has many unique features which illustrate both; the traditional and modern models for linguistic study. All Courses for BS and MA programs are designed to fulfil the requirements set by the Higher Education Commission (HEC) of Pakistan for the above-mentioned programs. The courses include; Research, Criticism, Linguistics, Comparative Literature, Iqbal studies Poetic Genres and Prose Genres etc.

Dr. Tahseen Bibi
(Head of the Department)

The academic curriculum of advanced courses is supplemented by numerous seminars on comparative literature, inter-cultural, linguistics, translation and philosophy etc. The Department is focused to organize various Urdu literature programs, conferences, special lectures and other literary events at the national and international level.

VISION:

The scheme of studies for B.S program is designed in such a way that it may cater to the needs of prospective researchers in this vital national discipline. Urdu is in need to have a new generation of young enthusiastic scholars and researchers to make their contributions to keep developing Urdu as a language. The present global surge in linguistic studies is a challenge that Urdu scholars need to meet with scientific research. The history of the developed nations who have made a mark in the fields of science and technology is witness to the fact that without developing their national language a nation cannot make such progress. Therefore, vision of the department of Urdu is to enable the students not only to keep pace with the changes taking place in the field of knowledge but also to become contributors to it.

MISSION:

The mission of Department of Urdu is to instil in the students a spirit of critical inquiry, to sensitization and aestheticism. To enable the students to become leaders of positive change in the society. As the study of literature is no longer leisure and pleasure activity, so, the students are encouraged and motivated to use their critical potential to study literature in its true intellectual sense.

Diya Scholarships	Hamdard Scholarships	Ehsas Scholarships

Directorate of Planning & Development

The University of Swabi was established in 2012 by upgrading the then Anbar Campus of Abdul Wali Khan University, Mardan (since 2010). The then Anbar Campus of AWKUM was composed of only 3 departments including; Department of Pharmacy, Department of Management Sciences and Department of Agriculture. The old campus (the then Anbar Campus) of the university is spreaded over an area of 135 kanal with only 72,000 sft of built up area. In order to establish a purpose-built campus of the university, a total area of 1,400 kanal has been acquired on the main motorway near Swabi interchange. A number of buildings including 4 academic blocks, an administration block, an examination block, a guest house, a multipurpose hall, a cafeteria and external development (roads, drains, boundary wall, utility lines etc.) have been constructed under development projects of HEC and HED.

Director:
Dr. Muhammad Ijaz Khan
Ph.D. Pharmaceutics

Since its establishment, the University of Swabi has made tremendous progress by increasing the number of departments from 03 to 28. Resultantly the number of students increased from 350 to 4500 and number of Faculty members from 30 to 200. Majority of the faculty members are PhD degree holders from national and international institutions. Under an HEC funded developmental project, currently 09 foreign qualified PhD faculty will further enhance the academic strength of the University. Until, 107 fully funded research projects have been earned form national and international organizations. Presently 28 academic departments are operational in the university with vast variety of academic programs/disciplines. Various departments of the University are offering BS, MA/MSC, MS/MPhil and PhD programs.

Directorate of Planning & Development plays a pivotal role in the development of University of Swabi. Currently several developmental projects are in progress to uplift the university to an international standards in terms of infrastructure and other facilities. The Smart University provides blanketd 300 mbps internet connectivity around the clock. The Safe University supports a peaceful and foolproof secure academic environment. The University is globally linked with the help of Video Conferencing and Smart Class equipment. The class rooms are equipped with modern furniture and latest teaching equipments. Several projects are still in progress to improve co-curricular activities including a world-class sports facilities. The University provides a sophisticated transport system for the day scholars and hostels for the boarder students.

Master plan of Main Campus University of swabi.

- Coordinates with HEC regarding Accreditation, NOC and PCD
- Amends Rules and Regulations through Statutory bodies
- Submits finalized results of postgraduate scholars to the Controller of Examinations Section
- Recommends Schemes of Studies, Course Contents etc. pertaining to Associate Degree/ BS, MS/M.Phil/ MSc (Honors)/PhD from the relevant bodies
- Provides guidance on Rules and Regulations etc. to the authorities
- Notifies Academic Calendar, Freezing Semesters, NOC and Confirmation/ Cancellation of Admission, Coursework Approval, Research Titles, Supervisory Committee and Extension of postgraduate scholars
- Facilitates and enhance quality of education in University and its Affiliated colleges

Key Achievements by June 2022

- Successfully conducted four (04) meetings of the Board of Faculty of Sciences
- Successfully conducted three (03) meetings of the Board of Faculty of Arts & Social Sciences
- Successfully conducted ten (10) meetings of the Advanced Studies & Research Board and notified their decisions
- Finalized thesis/dissertation of (90) scholars of various departments till June 2022
- Drafted Undergraduate & Postgraduate Regulations for the approval of Academic Council and Syndicate
- Drafted Migration Regulation for the Postgraduate Programs
- Assistance provided to Controller of Examinations in framing Course Coding, Transcript uniformity and Degree Titles for various programs

Glimpses of 5th ASRB Chaired by Prof. Nasir Jamal Khattak

7th Meeting of ASRB Chaired by Prof. Nasir Jamal Khattak

8th meeting of ASRB Chaired by Prof. Nasir Jamal Khattak

9th Meeting of ASRB Chaired by Prof. Nasir Jamal Khattak

10th Meeting of ASRB Chaired by Prof. Nasir Jamal Khattak

EXAMINATION SECTION

It is a great honour and privilege to serve as Controller of Examination, University of Swabi. Being a custodian of the Examinations record, the examination section provides quality services to the students in terms of keeping the secrecy of the privileged documents, preparation of transcripts, degrees and arranging convocations. Besides provision of these and other services, the section also conducts various examinations with absolute transparency and merit.

The Examination Section deals with both Semester and Annual System of Examinations. Examination Section is catering the needs of the regular students of all Departments, of the University as well as the students of affiliated colleges of the area. The Examinations Section also caters the needs of the private candidates appearing in ADE/B.A/ BBA, M.A, etc. Examinations who belong to different districts of Khyber Pakhtunkhwa. By the grace of Almighty Allah, support of University Management, hard work and dedication of the staff of the section, all the set targets have been successfully achieved so far.

**Dr. Abdul Basir
(Head of the Section)**

RESPONSIBILITIES:

Examination Section performs the following activities in an academic year:

- Registration of Regular students and allotment of Roll Numbers.
- Conduct and preparation of results of ADE/AD/BS/BBA/BA/BSc & MEd/MA/MSc/MPhil/PhD examinations.
- Preparation of semester-wise results
- Conduct of viva-voce examinations of Thesis/Research projects at the end of a degree program.
- Issuance of Final Transcripts/DMCs to all the students appeared in various examinations.
- Issuance of Degrees to passed out students.
- Verification of DMCs/Transcripts/Degrees etc
- Academic Distinction (Merit Certificates + Gold Medals)
- Issuance of Migration and Provisional Certificates
- Convocations
- Data preparation for submission to HEC.

The examinations section is looking forward for automation and digitalization to make the section strengthened for providing maximum facilities to the students and to face the challenges in a dynamic way.

IT SECTION

INTRODUCTION

IT section consists of a high speed network (both wired and wireless), linked to overseas Internet, serving the information and computational needs of over 4000 users in teaching, learning, research, administration and official communication.

The IT Section develops and manages the computing and networking infrastructure of the University. The Centre provides IT support to all the faculty members, administrative officers and students. In addition, the Center serves the University's faculty members and administration needs by providing various office automation and productivity tools. The Center is also responsible for maintaining and updating the official website of the University.

**Saddam Alam
(Deputy Director IT)**

Staff List

S.No	Name	Designation
1	Saddam Alam	Deputy Director IT
2	Zulfiqar Ahmad	Computer Operator
3	Muhmammad Junaid	Computer Operator
4	Muhammad Ikram	Helper

OUR SERVICES

- E-Mail service
- Licensed Software Distribution
- Networking
- Video Conferencing
- Web Portal Design & Development
- Online Job Portal
- IT Maintenance Activities

DIGITAL LIBRARY

The University has access to HEC National Digital Library which is providing access to a large number of international research libraries. The e-books support programs allow researchers to access most of the important texts and reference books electronically.

Pakistan Educational Research Network (PERN)

The PERN connects universities and research institutes through high speed internet bandwidth. The main purpose of this network is to facilitate researchers and students in sharing data and to coordinate with each other through video conference. The University is currently using 102mbps bandwidth. Out of 102mbps, 32mbps is used through wired network and 70mbps through wireless network. Soon 167mbps more internet bandwidth has been provided to Main Campus University of Swabi. All the buildings of the old campus are connected to the main data center through Fiber optic cable. The total internet bandwidth of University of Swabi has now reached to 310mbps.

SMART UNIVERSITY PROJECT

Higher Education Commission is running Smart University Project in different higher education institutions of the country. University of Swabi availed this facility in the first quarter of this project. Under Smart University Project the high speed internet wireless facility is available to all the students and faculty throughout the campus. 70 wireless access points is installed in the old campus and 167 wireless access points has now been installed in the main campus university of Swabi.

VIDEO CONFERENCING

Education is changing very rapidly, and keeping pace with the evolving technology of the day are teaching practices. As the world shrinks and becomes one big united village, Video Conferencing has made its way into the classroom, and has proved to have innumerable benefits. IT Section under HEC project has established a Video Conferencing Hall. Students, Teachers and Management staff are now able to connect the national and international universities for video Conferencing. Four more video conferencing rooms are nearly to be established at the main campus. Video conferencing provides students with the opportunity to learn by participating in two-way communication.

SOME OF THE NOTABLE ADVANTAGES OF VIDEO CONFERENCING ARE AS FOLLOWS:

- Improving productivity and efficiency.
- Accelerating decision-making process.
- Increasing access to information and experts.
- Reducing travel time, stress and expenses.
- Allowing more efficient allocation of resources.

SMART CLASSROOM PROJECT

The modern developments in the ICT have changed the world will continue to do so at a rapid pace and for this, teachers and their pedagogy must also be adaptive traditional classroom teaching and learning is limited to the knowledge the teacher has and can access. Students' ability to find and then evaluate information and construct new knowledge is enhanced through connecting with the world outside the classroom, opening new possibilities that will enable individuals to build new nodes of knowledge depending on their needs and learning styles. Higher Education has launched the Smart Classroom Project for different higher education institutions of the country. University of Swabi had been selected in the first quarter of this project and under this project a well-furnished Smart Classroom has now been established here at the main campus University of Swabi.

CAMPUS MANAGEMENT SOLUTION

Campus Management Solution (CMS) provides the standard tools for faculty to manage their online admissions, courses, process assignment, maintain grade books and stay in contact with colleagues and students. Students enjoy being able to easily see their assignments, lessons and other information for all of their classes like semesters transcript etc. staff benefits from services such as built-in help desk, textbook requisitions, exam scheduling and faculty/coursechanges.

CMS project of worth 10million rupees has been advertised by the Directorate of Planning and Development University of Swabi. Almost all the modules related to the LMS, ERP and CMS will be covered under this project.

WEB PORTAL

The Web Portal act s as a gateway in providing updated information about each activity of the university round the clock and to design & develop the new portals/ websites for its departments. IT Section has been involved in all stages of the development of web sites right from planning, design, quality control, launching to online promotion and monitoring.

IT section regularly entertain queries from all the Academic and Administrative departments of the university. This includes updating of Departments, Faculty Members, Academic Programs, Seminars, Merit lists, Entry test results, Conferences and Journals information form academic departments and Jobs Notices, Date-Sheets, Results, Tender Notices, Schedules and Press Release from administrative departments and many more.

SMART CAMPUS PROJECT

In order to improve the security arrangements, the University of Swabi has taken immediate steps for the installation of CCTV cameras. 30 CCTV Cameras have been installed at entry Gates and prominent points at old campus University of Swabi under HEC Safe University Project. A Security Control Room has been established for proper monitoring all the CCTV Cameras. The level 2 agreement with Higher Education Commission has been signed for the installation of CCTV Cameras. Under level 2 agreement 93(Ninety-three) CCTV cameras has been installed on the boundary walls as wells as on the exit and entry gates at the main campus. The CCTV cameras in the corridors of the buildings will be completed in the next phase.

ESTABLISHMENT OF 06 COMPUTER LABS

The delivery and installation of 185 core i-5 10th Generation desktop computers have been successfully completed. 12 number of computer labs in different departments have been established from these new purchased desktop computers.

CENTRAL LIBRARY

Introduction:

In a time of rapid change, Swabi University Library continues to stand at the center of intellectual life on campus. With world-class collections and services print, online, and in person our Library serves as an indispensable partner in study, teaching, and research at the university.

Library presents welcoming atmosphere for the students and will play a vital role in academic career. Our Library holds 20,000 plus books, Journals, Magazines and CDs collection. A wide range of online full-text journals databases are available including Higher Education Commission (HEC) digital library.

MR. WAQAR AHMAD
(Head of Section)

VISION:

To accomplish most important role in the provision of information, the Library is committed:

To work closely with other academic and administrative departments on issues of information acquisition, dissemination, access and management.

To take a pride in fulfilling the responsibility given by the university and society.

- Encourage joint ventures with other information service providers.
- Empowering our research and learning community with deep expertise, innovative services, and
- outstanding collections strengthened by strategic partnerships.

MISSION:

Swabi University Library promotes a culture of broad inquiry and supports the University's mission to discover, preserve, and disseminate knowledge and creative expression. It engages with the ongoing transformations of society to deliver world-class physical and digital content and services critical to research, education, and outreach, now and in the future.

Ambulance facilities which are provided to students and faculty in case of emergency around the clock. 24 hours internet facility, indoor games and common room for hostel students.

DIRECTORATE OF STUDENT AFFAIRS

INTRODUCTION:

Co-curricular and extra-curricular activities play a vital role in the academic and social life of students. Such activities admittedly invigorate a healthy relationship among the students and develop a sense of co-ordination in the living-learning processes of the students, faculty and administration. These activities are vital for the physical, social and psychological growth of students. Since the Directorate of Student Affairs provides proactive support and capacity building services to promote co-curricular activities in the University which could enrich our graduates at every stage of their life as well as to help them build strong relationships with their peers, faculty, administration and other stakeholders with the following aims and objectives:

DR. Muhammad Sufyan
(Head of Section)

- to enhance the creative potential of the students
- to expose the hidden talents of the students
- to induce and stir a sense of love, altruism and service to the humanity in the students
- to prepare the students to face the challenges of practical life
- to inculcate in students the spirit of healthy competition
- to prepare the students for future challenges in the global context
- to keep the students away from unwanted/undesirable associations/activities
- to promote teamwork among the students
- to give them a sense of responsibility and ownership
- to inculcate leadership potential in students

Following Student Societies were formally activated last year:

1. Welfare Society
2. Environment Green Club
3. Media Club
4. Debate Society
5. Character Building Society
6. Hiking Club
7. Dramatics Society
8. Islamic Society
9. Science society
10. Literacy Society

Affairs University of Swabi organized “Two(02) Blood Donation Camps” at Main Campus, University of Swabi, a Total of 116 Bags were collected.

Student Affairs University of Swabi arranged “Bilingual Debate Competition in Collaboration with NPO and Ministry of Industry” at Conference Room Old Campus, University of Swabi.

“Oath Taking Ceremony” of Faculty Members and students at Asif Memorial Hall
University of Swabi

Various activities performed by environment green club, University of Swabi which include, plantation day, cleanliness week, water conservation etc.

TRANSPORT SECTION

Transport section is one of the important administrative sections of university of Swabi. This section is headed by an In-charge called as Transport In-Charge or Transport officer. The purpose and duty of this section is to facilitate the students, employees and to provide transport facility for any official activity.

**Naveed Khan
(Transport Officer)**

Staff Details:

S. No	Description	Designation
1.	Naveed Khan	Transport Officer

Office of Research Innovation and Commercialization (ORIC)

VISION

"To create an outstanding environment to support the research at the University to open ways to research advances, creativity, innovation and link the research enterprise through national and international partnerships".

**Dr. Ruidar Ali Shah
(Director ORIC)**

STAFF DETAILS

S. No	Description	Designation
1.	Syed Nasir Ali Shah	Office Assistant
2.	Mr. Sana Ullah	Senior Clerk
3.	Mr. Naveed Shah	Naib Qasid

MISSION

The Office of Research, Innovation and Commercialization at UOS is striving to deliver world-class solutions to streamline research administration and support high-impact and responsible research, compliance, collaboration, transparency, efficiency, innovation and commercialization. To enable the achievement of excellence by the research community, the ORIC provide services and resources to faculty, students and staff that stimulate research and other creative endeavors. The ORIC facilitates and enhances partnerships and collaborations between faculty, industry, government, foundations and global research enterprises. The office also develops infrastructure and policy that promotes creativity and an entrepreneurial culture. ORIC also communicates the value and impact of UOS research to the world.

Functions of OIRC

- To work under the directions of HEC.
- Conduct meetings an year with HEC.
- Identifying and informing the faculty about the research grants opportunities for them to apply and then assist them in acquiring funds from international and national funding agencies.
- To keep track of all the researches carried out in the university by faculty and staff and then commercialize the relevant research to reap maximum benefit for industry and thereby translating the research into the public benefit.

Arranging seminars, training workshops, symposiums and conferences for the University students and faculty.

QUALITY ENHANCEMENT CELL (QEC)

INTRODUCTION

In order to bring the quality of education in Pakistani universities at par with international standards, Higher Education Commission started establishing Quality Enhancement Cells (QECs) across the universities in Pakistan back in its initial phase. The Quality Enhancement Cell of University of Swabi was established in March 2013 so as to review the quality of education being provided in the university. Since the inception the Directorate of QEC at university has a noticeable impact on the way academic activities operate. The Standards and quality assurance procedures set by the cell added a lot to the prestige of UOS in its various degrees' programs.

**DR. Muhammad Sufyan
(Director QEC)**

Following are some of the main functions of QEC:

1. QEC is responsible for promoting public confidence that the quality and standards of the award of degrees are enhanced and safeguarded.
3. QEC is responsible for the review of quality standards and the quality of teaching and learning in each subject area.
4. QEC is responsible for the review of academic affiliations with other institutions in terms of effective management of standards and quality of programs.
5. QEC is responsible for defining clear and explicit standards as points of reference to the reviews to be carried out. It should also help the employees to know as to what they could expect from candidates.
6. QEC is responsible to develop qualifications framework by setting out the attributes and abilities that can be expected from the holder of a qualification, i.e. Bachelors, Bachelor with Honors, Master's, M. Phil., Doctoral.
7. QEC is responsible to develop program specifications. These are standard set of information clarifying what knowledge, understanding, skills and other attributes a student will have developed on successfully completing a specific program.
8. QEC is responsible to develop quality assurance processes and methods of evaluation to affirm that the quality of provision and the standard of awards are being maintained and to foster curriculum, subject and staff development, together with research and other scholarly activities.
9. QEC is responsible to ensure that the university's quality assurance procedures are designed to

fit in with the arrangements in place nationally for maintaining and improving the quality of Higher Education.

10. QEC is responsible to develop procedures for the following:

- Approval of new programs
- Annual monitoring and evaluation including program monitoring, faculty monitoring, and student's perception.
- Departmental review ?
- Student feedback
- Employer feedback
- Quality assurance of Master's, M. Phil. And Ph. D. degree programs.
- Subject review
- Institutional assessment
- Program specifications
- Qualification framework

a. **Facilities:** QEC is currently providing the following facilities to its faculty and students:

- Access to Turnitin software for all faculty members
- Online Evaluation of Teachers through students
- Similarity index Certificates
- Evaluation of Research papers being published by faculty members in various journals

STAFF DETAILS:

S. No	Description	Designation
1.	Muhammad Umaid Khan	Computer Operator
2.	Muhammad Seyad	Office Assistant
3.	Mr. Arshad Khan	Naib Qasid

ACTIVITIES:

The Cell is responsible for review of quality and standards of teaching and learning in each subject area. It deals with all sorts of matters related with standard of each academic program and is responsible for developing quality assurance and method of evaluation to affirm that the quality of provision and standard of award are being maintained. The cell corresponds with internal departments and outside bodies to Endeavour for ensuring that university quality assurance procedures are designed to fit in with the standards and quality set by Higher Education Commission. Various activities performed by the cell are as follow:

- Preparation of University Portfolio Report (UPR)
- Institutional Performance Evaluation (IPE Self Review)
- Self-Assessment Report (SAR) of all academic programs
- Facilitation in Accreditation of academic programs
- Program Review of MS/MPhil & Equivalent program review (Self Review)
- Program Review of PhD program review (Self Review)
- Facilitation in acquiring NOC for MS/MPhil & Equivalent programs
- Facilitation in acquiring NOC for PhD programs
- Arranging Awareness Seminar / Conferences / workshops etc
- Participation of QEC at National Level on QA Activities
- Adoption & Implementation of HEC (QA) policies and criteria

DIRECTORATE OF SPORTS

INTRODUCTION

Sports include all forms of competitive physical activities and games. Participation in such activities aims to maintain and improve physical and mental abilities as well as provide enjoyment to the participants. Keeping in view the importance of physical and mental well-being of the students, the Directorate of Sports provides sports opportunities to the participants

Our vision is to provide students with a platform to train them and produce best players. In this regard, the Directorate of Sports arranges Inter-departmental games for the students on regular basis. The Directorate also organizes Inter-colleges and Inter-universities championships.

The Directorate offers a wide range of sport facilities such as sports grounds, courts, gymnasium, fitness gym and so on.

Mr. Altaf Hussain Shah
(Assistant Director Sports)

ACTIVITIES

Annual Sports Gala (Inter-Departmental sports competitions)

Inter-Collegiate competitions

Inter-Universities competitions

Friendly matches for university staff members

Vice Chancellor's Cup

ACHIEVEMENTS

Two consecutive Gold Medals in National Athletics Championship 2018 & 2019 in Javelin Throw event won by a student of the Department of Management Science.

2nd Position in HEC all Pakistan Inter-Universities Archery Championship 2016

1st Position in HEC Zone B Volleyball championship 2018-19 at Peshawar

Bronze Medal in Shot Put event in HEC Inter-Universities Athletics championship 2016

1st Position in Inter-Collegiate games 2015 to 2019

Bronze Medal won by Abuzar Ahmad in Prime Minister KamyabJawan Sports Gala 2021-22

CAFETERIA

There is a standalone cafeteria, which provides quality edibles at affordable prices. To ensure quality and hygiene of the food, a “Canteen Committee” looks after the menu selection, prices and quality of service.

MOSQUE

University Mosque is an extremely important part of Islamic culture as mosques offer many benefits to the community. Masjid with all facilities has been constructed in the premises of old Campus of University.

BANK SERVICES

The University has a branch/collection booth of UBL to facilitate the students as well as employees by providing them with bank services within the premises of the University.

UNIVERSITY OF SWABI

Specimen of Undertaking Undertaking

I, Mr.Ms. _____ Son /Daughter _____

Hereby solemnly declare that the information provided in the admission form is true and correct to the best of my knowledge. I have read and understood all the instructions provided on this form, current prospectus and agree to abide by them. I further undertake that I have sufficient financial resources required for the program of study at University of Swabi.

I also solemnly affirm, declare and undertake that:
